

Title: 4-H Camp Medical Professional

Purpose: Provide emergency and routine medical care during camp.

Responsibilities:

1. Consult with Camp Group chair and agents before camp begins. Complete required forms i.e. 4-H Participation Form.
2. Be available to take parents' phone calls concerning youth's health before camp.
3. Consult with your co-medical personnel before camp.
4. Visit with the Rock Springs Administrator for orientation of nurse's center and Rock Springs emergency procedures.
5. Ability to work as a team player with a co-medical professional.
6. Read the camper participation forms and note medical needs.
7. At the beginning of camp consult with parents or agents concerning campers medical needs.
8. Sort and organize the camper's medications.
9. Develop a method (i.e. chart, file, file box) for distributing campers medications.
10. Record all camper visits to the nurse's center.
11. Be available at all times for emergencies either via radio or in person. One medication professional needs to be available at nurse's center at all times.
12. Re-package unused medicines at the close of camp and return to campers.
13. Complete Rock Springs log books and visit with Rock Springs Administrator before leaving camp.

Skills/Knowledge Needed:
