WHO
4-H is America’s largest youth development organization.

WHAT
We empower young people with the skills to lead for a lifetime.

HOW
Youth collaborate with caring adult mentors to lead hands-on projects in areas like science, health, agriculture and citizenship. Mentors provide a positive environment teaching youth learn by doing. This 4-H experience is delivered by a community of more than 100 public universities across the nation.

IMPACT
This experience grows leaders with life skills like confidence, independence, resilience and compassion. This produces 4-H’ers who are 4X more likely to give back to their communities, 2X more likely to achieve healthy decisions and 2X more likely to pursue STEM opportunities.
