

CAUTION: Deleting a club will also delete existing projects for reenrollment. Projects are attached to your club!

1. Do not delete the club yet; instead, add the new desired club:
 - Select the new desired club from the “Select a Club” dropdown box.
 - Click [Add Club].
 - There should now be (2) clubs in the “Club List.”
2. Do not delete the undesired club yet; instead click [Continue] to proceed to the Projects page.
3. Using the existing projects as a guide, re-add projects by attaching each project to the new desired club:
 - Select the new desired club from the “Select a Club” dropdown box.
 - Select the desired project from the “Select a Project” dropdown box.
 - Change years in project if needed.
 - Click [Add Project].
 - Continue this process until your projects have been re-added.
 - There should now be (2) sets of projects – one set attached to the old club and one set attached to the new club.
4. Click [Previous] to return to the Club page.
5. Delete the old unwanted club:
 - Click [Edit] next to the old club.
 - Click [Delete].
 - Now only your new club should exist.
6. Click [Continue] to return to the Projects page.
7. There should now be only (1) set of projects, attached to your new club.
8. Ensure all desired projects have been added and are attached to your new club.
